### Clarifications on Income Computation and Disclosure Standards (ICDS) notified under Section 145(2) of The Income-Tax Act, 1961 By CBDT. [Circular No 10/ 2017 Dated 23.03.2017]

#### **Question 1:**

Does ICDS apply to non-corporate taxpayers who are not required to maintain books of account and/or those who are covered by presumptive scheme of taxation like sections 44AD, 44AE, 44ADA, 44B, 44BB, 44BBA, etc. of the Act?

#### **Answer:**

ICDS is applicable to specified persons having income chargeable under the head 'Profits and gains of business or profession' or 'Income from other sources.' Therefore, the relevant provisions of ICDS shall also apply to the persons computing income under the relevant presumptive taxation scheme. For example, for computing presumptive income of a partnership firm under section 44AD of the Act, the provisions of ICDS on Construction Contract or Revenue recognition shall apply for determining the receipts or turnover, as the case may be.

#### **Question 2:**

ICDS is framed on the basis of accounting standards notified by Ministry of Corporate Affairs (MCA) vide Notification No. GSR 739(E) dated 7 December 2006 under section 211(3C) of erstwhile Companies Act 1956. However, MCA has notified in February 2015 a new set of standards called 'Indian Accounting Standards' (Ind-AS). How will ICDS apply to companies which adopted Ind-AS?

#### **Answer:**

ICDS shall apply for computation of taxable income under the head "Profit and gains of business or profession" or "Income from other sources" under the Income Tax Act. This is irrespective of the accounting standards adopted by companies i.e. either Accounting Standards or Ind-AS.

## **INCOME COMPUTATION AND DISCLOSURE STANDARDS**

### **Question 3:**

Whether ICDS shall apply to computation of Minimum Alternate Tax (MAT) under section 115JB of the Act or Alternate Minimum Tax (AMT) under section 115JC of the Act?

### **Answer:**

MAT under section 115JB of the Act is computed on 'book profit' that is net profit as shown in the Profit and Loss Account prepared under the Companies Act subject to certain specified adjustments. Since, the provisions of ICDS are applicable for computation of income under the regular provisions of the Act, the provisions of ICDS shall not apply for computation of MAT. AMT under section 115JC of the Act is computed on adjusted total income which is derived by making specified adjustments to total income computed as per the regular provisions of the Act. Hence, the provisions of ICDS shall apply for computation of AMT.

### **Question 4:**

Whether the provisions of ICDS shall apply to Banks, Nonbanking financial institutions, Insurance companies, Power sector, etc.?

### **Answer:**

The general provisions of ICDS shall apply to all persons unless there are sector specific provisions contained in the ICDS or the Act. For example, ICDS VIII contains specific provisions for banks and certain financial institutions and Schedule 1 of the Act contains specific provisions for Insurance business.

### **Question 5:**

Since there is no specific scope exclusion for real estate developers and Build -Operate-Transfer (BOT) projects from ICDS IV on Revenue Recognition, please clarify whether ICDS-III and ICDS-IV should be applied by real estate developers and BOT operators. Also, whether ICDS is applicable for leases?

### **Answer:**

At present there is no specific ICDS notified for real estate developers, BOT projects and leases. Therefore, relevant provisions of the Act and ICDS shall apply to these transactions as may be applicable.

## INCOME COMPUTATION AND DISCLOSURE STANDARDS

### Clarifications on Income Computation and Disclosure Standards (ICDS) notified under Section 145(2) of The Income-Tax Act, 1961 By CBDT. [Circular No 10/ 2017 Dated 23.03.2017]

#### **Question 1:**

Preamble to of ICDS-I states that this ICDS is applicable for computation of income chargeable under the head “Profits and gains of business or profession” or “Income from other sources” and not for the purposes of maintenance of books of accounts. However, Para I of ICDS I states that it deals with significant accounting policies. Accounting policies are applied for maintenance of books of accounts and preparing financial statements. What is the interplay between ICDS-I and maintenance of books of accounts?

#### **Answer:**

As stated in the Preamble, ICDS is not meant for maintenance of books of accounts or preparing financial statements. Persons are required to maintain books of accounts and prepare financial statements as per accounting policies applicable to them. For example, companies are required to maintain books of account and prepare financial statements as per requirements of Companies Act 2013. The accounting policies mentioned in ICDSI being fundamental in nature shall be applicable for computing income under the heads “Profits and gains of business or profession” or “Income from other sources”.

#### **Question 2:**

Para 4(ii) of ICDS-I provides that Mark to Market (MTM) loss or an expected loss shall not be recognized unless the recognition is in accordance with the provisions of any other ICDS. Whether similar consideration applies to recognition of MTM gain or expected incomes?

#### **Answer:**

Same principle as contained in ICDS-I relating to MTM losses or an expected loss shall apply mutatis Mutandis to MTM gains or an expected profit.

## INCOME COMPUTATION AND DISCLOSURE STANDARDS

### **Question 3:**

ICDS-I provides that an accounting policy shall not be changed without 'reasonable cause'. The term 'reasonable cause' is not defined. What shall constitute 'reasonable cause'?

### **Answer:**

Under the Act, 'reasonable cause' is an existing concept and has evolved well over a period of time conferring desired flexibility to the tax payer in deserving cases.

### **Question 4:**

ICDS-I requires disclosure of significant accounting policies and other ICDS requires specific disclosures. Where is the taxpayer required to make such disclosures specified in ICDS?

### **Answer:**

Net effect on the income due to application of ICDS is to be disclosed in the Return of income. The disclosures required under ICDS shall be made in the tax audit report in Form 3CD. However, there shall not be any separate disclosure requirements for persons who are not liable to tax audit.

### **Question 5:**

Which ICDS would govern derivative instruments?

### **Answer:**

ICDS -VI (subject to Para 3 of ICDS-VIII) provides guidance on accounting for derivative contracts such as forward contracts and other similar contracts. For derivatives, not within the scope of ICDS-VI, provisions of ICDS-1 would apply.

#### **Question 1:**

There are specific provisions in the Act read with Rules under which a portion of borrowing cost may get disallowed under sections like 14A, 43(1), 40(a)(i), 40(a)(ia), 40A(2)(b), etc of the Act. Whether borrowing costs to be capitalized under ICDS-IX should exclude portion of borrowing costs which gets disallowed under such specific provisions?

#### **Answer:**

Since specific provisions of the Act override the provisions of ICDS, it is clarified that borrowing costs to be considered for capitalization under ICDS IX shall exclude those borrowing costs which are disallowed under specific provisions of the Act. Capitalization of borrowing cost shall apply for that portion of the borrowing cost which is otherwise allowable as deduction under the Act.
